DYES! DYES! DYES!

BUY THE BEST, BUY THE CHEAPEST, BUY the EASIEST to USE.

You can do these three things by buying the "IMPROVED HALF-PRICE UNION PACKAGE DYE." After having several years' experience in package dyes in the United States and Canada, I have bought the Union Package Dye business in Canada, and have improved the colors very much, and to meet the public demand for a cheap dye have reduced the price to **7 CENTS** for a package that will color from one to three pounds of goods, according to material and shade.

I would draw special attention to my Fast Scarlet and Blue and Seal Brown. These colors are perfect. The Green, Blue and Yellow for Cotton will be found A 1 and cheap, and a pleasure to use in comparison to the dyes generally used for that purpose. The colors are fast except Magenta, Purple and Crimson, and will all dye Cotton, except Blue, Yellow, Scarlet and Green.

They will dye as much as most of the 15 cts. dyes in the market, or nearly as much as two of the 10 cts. packages of Anilines, and the colors are very superior. Save money by using them.

Ribbons, Dresses, Shawls, Table Covers, Feathers, Leather, Eggs, Dried Flowers, and in fact almost any fibre can be made to look as well as new for a few cents. Carpet Rags can be dyed so as to do credit to the rag carpet-makers and not have them ashamed of their work. I will warrant every package to color like the show card, as I personally superintend the manufacture and dye the samples for the cards myself. The following colors are put up: Pale Blue, Navy Blue, Blue for Cotton, Seal or Dark Brown, Bismarck Brown, Crimson, Garnet, Green, Magenta, Maroon, Purple, Fast Scarlet, Slate, Salmon, Violet, Yellow, Yellow for Cotton. Ink Powder, Black and Red, both fast and first-class.

If not to be had in your town four Packages will be sent by mail, on receipt of 30 cts.

GOLDEN RULES FOR DYEING.

1. Use soft water and plenty of, it.

2. Cleanse the goods thoroughly and rinse just as thoroughly for dives that require it.

3. Put in a very little dye for the first two or three times. Have the goods moist when first put into the dye, and keep them moving and spread out when in the dye, so that all parts will be exposed to the action of the dye. This will prevent streaking. Attention to the above will ensure satisfactory results.

A good boil in washing soda will discharge most colors from old goods that you want to dve.

WAIT'S HOMŒOPATHIC SPECIFICS

are the medicines prescribed by one of the most successful homeopathic physicians in the State of Illinois. To any one who knows the value of homosopathic medicines this is probably as good a recommendation as any medicine could have. To those who have never used them I should strongly recommend a trial for the following reasons:-

- 1. I will guarantee them to be perfectly harmless, and they do not cure one disease and leave perhaps a worse one in its place, as thousands using alonathic medicine know to their sorrow to be the case sometimes with their remedies; and for children they are invaluable, as they are so pleasant to take.
- 2. They will not cure every one that takes them (a medicine that professes to do so has humbug stamped on the face of it, as difference of constitutions and cause of disease require different treatment), but I do not know of any medicine that will cure disease as quickly or as large percentage of cases, either acute or chronic; and many a case, given up as hopeless by alopaths, has been cured by their use. I know of a case where a cure was guaranteed, and effected with two doses only of No. 7, and others could be given almost without number.
- 3. They are sold at a uniform price of 25 cents, and the same size is sold in the United States and Canada for 50 cents, and some numbers for \$1.00. A few doses only will generally be needed, and no chronic case should require a bottle of the proper remedy to effect a cure where such a thing is possible. They will not be advertised in the papers, as the price will not a limit of such expense, and I find my best trade comes of its self by one customer recommending them to another. Many families keep a stock on hand or order for every case of sickness that comes up in their family, and many a long illness and doctor's bill can be saved by their prompt use. But a word to the wise is sufficient and ten would not convince a fool. I keep a good stock of Homœopathic simples for those who prefer them at 15 and 25 cents, two and three drachm size.

If not to be had in your town, any number will be sent by mail on receipt of price, 25 cents.
